GIVE BELLE, LIFE.**

The focus of this event is to raise money for Belle a very sweet, playful, and extremely loving little kitten. She was diagnosed with PRAA (Persistent Right Aortic Arch). The only way Belle can live a healthy and productive life is to have surgery. If we do not give Belle the surgery she needs, she will eventually die. The cost of the surgery is \$2,500.00. We are hoping for your support, please pass out flyers or post on your Facebook page, tell your family, friends, and co-workers.
